

The Adair County News.

VOLUME XIX

COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, JULY 26, 1916.

NUMBER 39

It's a Go—The Railroad.

To satisfy the many interested in securing the railroad to Columbia we make the following statement: The road will be built. As heretofore stated, the line of least resistance is most likely to secure it and therefore necessary preparation to secure the right of way is important. The preliminary surveys will be made in the near future and as soon as practicable thereafter the locating line, or final survey, will be made and actual construction work begun. The route first to present the most favorable condition in the right of way will unquestionably have a strong lead over others and to be plain and fair to all, we advise you to secure every concession needed along the line and through the section you desire the road, or to know exactly what they will cost and the amount of financial aid that will be given on the line to pay for same. The building and operating a road in any country is no trifle. It means too much for your business and convenience and increase in the value of your land and products to permit it to miss you when it possibly could be secured at reasonable effort and expense.

The time is short for action for the parleys between the contracting parties are practically past and the work will soon begin. Don't get it in your mind that it is coming this way merely because you believe it the best way, but because you will secure the rights of way and produce the evidence of good faith, good will and merit. Then, above all, don't think that it will finally fail for that is not on the bill of fare. As above stated, the road will be built, not merely because we want it, but because we put up the inducements.

For Sale.

Bedsteads, springs, mattresses, dressers, washstands, small tables, hall racks, chairs, fine covered tables, set single harness, heating stoves, couches, and safes, at the Hancock frame Hotel.

J. Hancock.

Stalls are already being engaged for the Columbia Fair, and from the present outlook, the display of fine saddle and harness horses will be worth seeing. The grounds and track are being put in fine condition, and the coldest of water, in great abundance will refresh the weary crowd.

Mules For Sale.

One pair of five year old mules, 16½ hands, weight 1200 lbs each. Extra good ones, free of blemishes. One pair of two year old mules, 16 hands, weight 1000 lbs. each. Well broke. Sound.

Fred Sandmyers, Liberty, Ky.

Excessive rains over this entire section, accompanied with heavy winds, did considerable damage, but after all we are wonderfully blessed with the prospect of the best corn crop in the history of the country. It never looked better nor promised a larger yield at this season of the year, but the crop is far from a certainty now. Much more rain will be needed to make it measure up to promises.

O. I. C. Pigs.

I have 2 males and 4 females, as good as you ever saw for their age. This is your chance to get the best at a moderate price.

J. L. Walker, Columbia, Ky.

Since the heavy rains the necessity of putting in the culverts between the creek and town ought to bring immediate action. At both places the road was damaged by the water passing over the road.

Bring your mules to Columbia, next Saturday, if you want to sell them.

Lazarus & Co.

H. B. Gwinn, of Jamestown, will begin a meeting at Russell Springs Monday after the fourth Sunday in this month. Z. T. Williams will join him in the meeting on Tuesday.

Prof. McDougal, who is conducting the Institute here this week, will preach at the Christian Church this Wednesday evening, at 8 o'clock.

The Twentieth Century Club.

The members of the Twentieth Century Club and a number of visitors were entertained last Tuesday evening by Mrs. Charles Russell at her home on Greensburg street. Luncheon was served, the tables being adorned with sweet peas.

The guests included: Mrs. Willie Hynes, Mrs. Jo Rosenfield, Mrs. Robt. Reed, Miss Katie Murrell, Miss Cary Rosenfield, Miss Alice Walker, Mrs. O. P. Bush, Mrs. Gordon Montgomery, Mrs. James Taylor, Mrs. George Stults, Mrs. Robt. Rowe, Mrs. John Murrell, Mrs. George Wilson, Mrs. Fred Myers, Miss Minnie Triplett, Mrs. A. H. Ballard, Mrs. H. V. Denver, Lexington, Tenn.; Mrs. W. I. Fraser, Sallina, Kan.; Mrs. W. E. Bradshaw, and Miss Gladys Rosenfield, Louisville, Ky.; and Mrs. Charles Barnett, Mt. Vernon, Ill.

For Sale.—An extra good Jersey cow, three years old with heifer calf.

J. B. Coffey.

Remember that Rev. A. G. Link, of Campbellsville, will preach at the Presbyterian Church next Sunday forenoon and evening.

The Passing of a Good Citizen.

The death of Mr. Samuel A. Epperson, which occurred very suddenly at his home near White Oak Church, last Saturday morning, will be regretted by every person who knew him. He was about sixty-five years old, and one of Adair's best citizens. About daylight he arose from his bed, telling his wife that he was not feeling good. Mrs. Epperson thought that he was just slightly ill, and she went to the cook room to prepare breakfast, and when she returned he was dead. His demise is a great loss to the community in which he lived, as he was a most accommodating neighbor and friend.

The News extends sympathy to the bereaved wife and all other relatives.

For Sale.

A splendid ice chest.

39-1t.

Flowers & Patteson.

Remarkable.

Monday of last week I. R. Henson was in the barn of his father, Mr. C. C. Henson. A storm came up and lightning struck the top of the barn, the bolt running down a post, splitting it to pieces. Young Henson was standing near the post. He was knocked down and senseless. When found he did not know how long that he had been unconscious, but stated that he felt like he had just awakened from sleep. He was not injured and no damage was done to the barn save the splitting of the post.

Wanted—50 Big mules.

Will be in Columbia, Saturday, July 29, to buy 50 big mules, from 15-1 to 16 hands high, 5 to 10 years old.

Lazarus & Co.

The vital statistics show that there were 158 births in Adair county during the months of January, February, March and April, this year. In the same months there were 77 deaths, all years from an infant to old age. More than half the number of deaths was caused from preventable diseases, hence it is very necessary for every family to keep the premises in a good sanitary condition. Follow the instructions of the State Board of health and obey all orders sent out by the municipal board whose instructions come from the State Board.

The Broken Coin to night, Tuesday. Don't fail to see it.

It is only twenty-two days from the date of this paper until the Columbia Fair opens. Get ready to attend the biggest show ever pulled off in this part of the State. August 15 is the date.

Mrs. Lou W. Atkins received a telegram Wednesday morning from Pensacola, Fla., stating that her brother, Robert, was just alive and could not live but a short time. She left Thursday morning to be at his bedside.

Close Escape For Pastor and Wife.

Dr. J. R. Crawford, pastor of the Pikeville Presbyterian Church, and his wife had a narrow escape from death while out driving last Friday afternoon. The Crawfords were driving around the hill road just below Island Creek. When passing a narrow place in the road the buggy in which they were riding was overturned and its occupants were thrown out, and they rolled 30 or 40 feet down the steep embankment. The horse and conveyance also went over the hill. Their escape is a miracle, because if either horse or buggy had rolled over them the chances are both would have been killed. But through the intervention of a miracle Dr. Crawford and wife came through the accident almost without a scratch, the buggy, which was capsized, being upside down on a tree stump and the horse, which rolled to the lower side of a corn field, was only slightly injured.

This is said to be the same place where Charles York and wife met with a similar accident a few weeks ago.—Pike County News.

Land For Sale.

I have 150 acres of timbered land, one mile this side of old Neatsville, on Stanford road. Will sell at a bargain. Will give time, note required.

J. M. Howell,
Greensburg, Ky.

Blue Grass Farm for Sale.

126½ acres 3 miles out of Danville, on Lancaster pike (Boone Way) attractively located and productive and splendidly watered, large pool stocked with fish. Comparatively new eight room house, wide porches, necessary outbuildings barn and tenant house, splendid apple orchard and other fruits in abundance. Educational advantages of Danville of the highest, the best of railroad facilities, yet no crossing of same going into town. Would like to sell to give possession in September.

J. Ed Allan,
Danville, Ky.

Wherley's celebrated band Louisville, will make the music for the big Columbia Fair beginning Tuesday, August 15.

Mr. J. W. Jones Glensfork, and his boys barely escaped with their lives last Thursday afternoon. They were putting up hay and hauling it to their barn. Several of the boys were pitching it into the barn and Mr. Jones was throwing it back, making room. They had put in about 15,000 pounds when a storm, accompanied by lightning came. The barn was struck stunning Mr. Jones and for several minutes he could not speak. Coming to himself, he noticed several posts in the barn torn to pieces, and presently he smelt smoke, and upon investigation the back end of the barn was discovered to be on fire. It took heroic efforts to save it.

Season Tickets.

Season tickets to the Columbia Fair are on sale at Paul Drug Co.'s Store and Marvin Young's Cafe.

39-tf

With some favorable weather road building will be resumed with vim. It has been on the slow order due to unfavorable weather conditions and the lack of teams, but the pressure in farm work is over and plenty of men and mules available and the heaviest grade work done, a fine showing will be made in the next few months.

Saturday, July 29, is the day to sell your mules. We want 50 big ones.

Lazarus & Co.

Why not sow some buckwheat? It is a splendid grain for hogs and poultry and your corn crop may not measure up to grain requirements regardless of present prospects. Plenty of seeds, the large Japanese variety, for sale at the Jeffries Hardware store at \$1.00 per bushel.

W. B. Taylor, of Owenton, Ky., will begin a revival meeting at Hebron the fourth Sunday in this month, to continue over the first Sunday in August.

PROUD OF HELM'S RECORD.

ED WALTON IN LANCASTER RECORD.

An Advertisement.

To the Editor:—

I notice in your issue of the 13th instant an unsigned article, which it is the natural presumption, you father, and in which the Hon. Harvey Helm is charged with "deserting the President" in several instances. From absolutely indisputable authority I gather the following, which shows the error of your charge, and which I trust you will, in your usual fairness, give the prominent space in your paper that was given the article making the charges.

Mr. Helm is charged with deserting by failure to support the "great Banking and Currency Act." On September 16, 1913, Mr. Helm delivered a speech in the House of Representatives, advocating this measure and urging its passage, stating among other things that it was an "insurance against panic." The speech was printed in the Congressional Record of that date, pages 5003-4, and was printed in pamphlet form at his own expense, and mailed to twenty thousand people in this district, including those who are now attempting to deceive the people by misrepresentations of his record. What higher evidence of support could a member of Congress give a measure than to advocate its passage in an appeal to his colleagues in its favor?

In the second place Mr. Helm is charged with "deserting the President" in the passage of the Immigration Bill, a measure, which the writer says was "designed to exclude a great many illiterates and undesirable foreigners from making America a breeding place and asylum for crime," which bill the writer now discovers Mr. Helm voted for, but which the President vetoed. If the bill possesses all the virtues the writer ascribes to it, what crime was there in supporting it, the President to the contrary notwithstanding?

The charge of desertion on the Anti Trust Bills is a labored and overstrained effort. Mr. Helm, before leaving for Kentucky on the funeral committee that accompanied Senator Bradley's body, had voted for the rule that made these bills party measures, thereby lining up with the President. His unavoidable detention in Kentucky at the time of their formal passage is the sole and only basis for the charge of desertion, which to a fair minded man must seem as erroneous as unfair. There was a final vote on these bills when the conference report was adopted in the House on October 8th, 1914. Mr. Helm was present and voted for report, as shown by Congressional Record of that date.

On the fourth and last charge of desertion, namely, the Panama Canal Tolls Exemption Act, Mr. Helm voted in accordance with the specific plank in the Democratic platform adopted at Baltimore, standing with Speaker Clark, Majority Leader Underwood and all the other House party leaders. He explained his position on the floor of the House in a speech delivered on March 31, 1916, twenty thousand copies of which he sent to the voters of this district, and thereafter was renominated for Congress without opposition.

Out of a thousand or more record votes Mr. Helm has cast, the four above enumerated are the only ones in which the writer can pick even an alleged flaw, and it is a record of which any Representative should be justly proud. Borrowing an expression from Baseball Bingo, it is a batting average of above a thousand, which places him in a class above the star performer Tyrus Cobb. I believe that the fair minded readers of the Central Record will agree with us that even the four instances do not justify or substantiate the charge of desertion, but, on the contrary, that there is something about the charges that suggests the death rattle of the cause the said writer seems to be championing.

Furthermore, if it be true that Mr. Helm was not, and is not an Administration Democrat, it is passing strange that the press dispatches from Washington to the Kentucky daily papers have not disclosed the fact long before

An Evening's Enjoyment.

The social given at the home of Mrs. Jo Rosenfield, by her daughters, last Wednesday evening, in honor of their cousin, Miss Gladys Rosenfield, of Louisville, was largely attended and the hours were very happily passed.

The following were present:

Annie Faulkner, Edna Lewis, Katherine Nell, Ruba Wagoner, Vic Hughes, Ella Walker, Margaret Todd, Mary D. Patteson, Agnes and Ruth Hynes, Zella Pelley, Mae Stults, Dora Eubank, Minnie Ingram, Susan Miller, Mamie Tandy, Sarah Coffey, Frona Faulkner, Mary Breeding, Katherine Gill, Mildred Walker, Julia Miller, Allene Montgomery, Mary Miller, Corinne Breeding, Letitia Paul, Katie Murrell, Ella Todd, Nellie and Jessie Naylor, George Montgomery, Henry Hancock, Tom Patteson, Nat Walker, Alvin Lewis, Guy Stevenson, Herschel Taylor, William Hurt Rowe, Dock Walker, Romie Judd, Rich Dillon, Leon Lewis, Paul Taylor, James Stone, Albia Eubank, Clay Smith, George Hunn, Robert Squires, Tom Judd, James Watson, Robert Carroll, Fred Hill, John Lowe, Mr. and Mrs. Edwin Cravens, Mr. and Mrs. Count Stults, Mr. and Mrs. Sam Burdette.

For Sale.

One four year old Brown Shetland pony, good looking and perfectly gentle. Price sixty-five dollars (\$65) if sold at once.

Jno Hugh Smith,
Campbellsville, Ky.

the writer of the desertion article made the imaginary discovery.

I can not believe that the intelligent voters of this district want their Representative to play the rubber stamp act. If so, the job should be let to the lowest bidder, and his instructions pinned to the lapel of his coat collar before he goes to Washington to cast his votes.

Wanted, Horses and Mules.

Horses, 14-2 to 15-1, and 15-2 to 16 hands high, 5 to 8 years old. Must be in good flesh, sound, with good backs and bone, trot square. No mares.

Mules, 13-2 to 16 hands high, 4 to 8 years old, sound, blocky built, with good bone and short backs.

Will be in Columbia, Ky., court day, Monday, August 7, 1916.

W. B. Howell,
Louisville, Ky.

Married in Louisville.

Mr. W. R. Hoskins, of Campbellsville, who is a prosperous business man, at present engaged in conducting a grocery store, and Miss Edna May Collins, of the same city, were married in Louisville Monday evening the 17th inst. The bride is popular and very deserving, a daughter of Mr. H. H. Collins. Will Hoskins, as he is familiarly called, is a young man of excellent character and standing, and his friends are made up of all who know him. His many Columbia friends extend to him and his companion their best wishes.

Urgent Notice.

I need every cent that is due me. Please call at my store and settle with Miss Julia Eubank.

Mrs. Lou W. Atkins.

James Shearer, who was wanted in Cumberland county, was arrested in Adair on a bench warrant, and conveyed to the Jailor of Cumberland county, last week by sheriff S. H. Mitchell.

For Sale.

I have two horses for sale, one three years old, the other four. The latter is well broken and rides good. The first named has been broke to harness and has been ridden some. Will sell at a bargain, or will trade for cattle, sheep or hogs.

39-3t

J. Press Miller.

The Bank of Columbia recently installed a new, time lock Manganese Steel safe which cost \$2,100.

Remember that the Columbia Fair opens August 15. Get your work in shape so you can be present every day.

RAILROAD WAGES

Shall they be determined by Industrial Warfare or Federal Inquiry?

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employes on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.

The railroads are in the public service—your service. This army of employes is in the public service—your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employes.

On all the Southern railroads in 1915, seventy-five per cent of the train employes earned these wages (lowest, highest and average of all) as shown by the payrolls—

	Passenger		Freight		Yard	
	Range	Average	Range	Average	Range	Average
Engineers	\$1972 3810	\$2306	\$1455 3505	\$1916	\$1156 2424	\$1566
Conductors	1552 2696	1847	1353 2358	1580	1055 1749	1245
Firemen	943 1652	1209	649 1638	979	406 1302	777
Brakemen	957 1736	1109	755 1854	958	754 1405	990

The average yearly wage payments to all Southern train employes (including those who worked only part of the year) as shown by the 1915 payrolls were—

	Passenger	Freight	Yard
Engineers	\$2144	\$1712	\$1313
Conductors	1723	1488	1157
Firemen	1096	865	688
Brakemen	1013	845	868

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employes) is equal to a 5 per cent advance in all freight rates.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employes' representatives.

Shall a nation-wide strike or an investigation under the Government determine this issue?

National Conference Committee of the Railways

New York has had to date 1,853 cases of infantile paralysis and 768 deaths. Sixteen cases have been reported in Louisville and one in Winchester.

President Wilson has signed the bill transferring the Lincoln Farm and its \$50,000 endowment fund to the Federal government.

The general railroad strike in Spain has been brought to an end by the men agreeing to arbitrate their differences with the railroads.

J. Frank Farlegh has withdrawn from the Republican nomination for Congress in Louisville in favor of Maj. Will Owens.

Presidential Year and Business.

For nearly a half century Presidential year has invariably been a year of business depression and business uncertainty, until this year. The Presidential election is less than four months away and instead of their being business depression there is more prosperity and hopefulness than has characterized any previous year of President Wilson's term. There is, of course, uncertainty as to the result. As it is impossible to conjecture what will happen in the next three months so it would be utterly futile and foolish to undertake to forecast shadow results.

With this condition of politics how are we able to account for a condition of business prosperity which has never before existed in the Presidential year? We believe it can be answered in the splendid banking system that President Wilson and a Democratic Congress has given to the country. Before this system was established Wall Street dominated the finances of the country and as the candidate for President which the Street did not want to in appeared to be likely to succeed they depressed the markets in order to frighten the people away from his support. Two or three times in our recollection they have brought the country to the verge of a panic in the accomplishment of influencing the election. Wall Street has been shorn of this power and influence by the regional bank. There is no longer one center of money in the United States, but twelve, and they are all under the control of the government and not the speculators and the gamblers on the market. Prosperity is not checked and investments are not interrupted because the people know that under the Wilson banking system there can be no financial panic. Men in all parts of the United States engaged in all industrial and commercial pursuits know that they can get all the money they need to operate on according to their financial responsibility. This it is that makes the first Presidential election in fifty years one of uninterrupted prosperity and not one of depression and uncertainty. As Sampson was shorn of his strength with his hair so Wall street has been robbed of the power to control politics with and through the markets. The business world has Woodrow Wilson to thank for this and it is the very best reason in the world why the industrial and business people should vote for his re-election.—Elizabethtown News.

Sixteen persons were stricken with ptomaine poisoning in Louisville Sunday from eating ice cream. None of them died.

Poultry Notes.

It never pays to try to save money on the equipment or food bought for rearing little chicks. They require the best if they are to live and develop into the most profitable fowls.

Never take the chicks out of the incubator as soon as they are hatched, but let them stay in the nursery under the egg tray for 24 hours and get well dried off, able to run around and strong.

In damp seasons there is likely to be more moldy and musty material which hens and chickens can get hold of and an effort should be made to prevent their getting such material because it will cause canker in many cases.

When chicks are first placed in a brooder they should be kept under the hover most of the time for the first day so that they will not become chilled and so that they will get accustomed to going under the hover for warmth.

If the wings of little chicks grow too fast and hang down, they will require too much of the strength of the chicks to carry them around and the big heavy feathers should be cut off close to the wing.

Feed only what chicks will eat up quickly so that they will be anxious for next feed. Provide plenty of green succulent food. Sprouted oats, lettuce, rape, mangels, beets and cabbage are good green foods. They are as necessary for chicks as for laying hens.

When each brood of chicks is hatched it should not be placed in coops or brooders until the coops and brooders have been thoroughly cleaned and disinfected with some good liquid disinfectant, if they have ever been used before.

Name Your Farm.

Give the farm a name and keep the farm up to the name. A name gives distinction, it is an expression of honest pride, it is an expression of honest pride, it shows an interest in the place. It means something more than so many acres of brown earth, a dwelling and barns. It means a place that one feels is in the best sense the home of himself and his family. Sentiment gathers around it and crystallizes so that at last the owner does not so much ask in declining years, how much can I get for my farm? but "who is going to succeed me on it?" And that means a deepening and strengthening of home ties and those of locality, both of which are greatly needed in American rural life. But for practical reasons as well as sentimental it is wise to bestow a name upon the farm. No self-respecting man would give a good name to his farm and then keep the farm in poor condition. The sense of pride would prompt any man to do his level best. That would mean better cultivation, house and barn painted, fences in good condition, better stock and better crops and more attractive appearance within and without the dwelling. There is scarcely a farm, however situated that some appropriate name may not be given it. Landscape, a spring, clump of trees, position, historic associations are among the many things that may suggest the name. And always remember this, that it is with the farmer more than anyone else, tests the solution of the problem of arresting the drift citywards. An attractive home, a home that has a distinctiveness about it, goes a long way toward the solution.

Will Sloan's Liniment Relieve Pain?

Try it and see—one application will prove more than a column of claims. James S. Ferguson, Phila., Pa. writes: "I have had wonderful relief since I used Sloan's Liniment on my knees. To think after all these years of pain one application gave me relief. Many thanks for what your remedy has done for me." Don't keep on suffering, apply Sloan's Liniment where your pain is and notice how quick you get relief. Penetrates without rubbing. Buy it at Paull Drug Co. Adv.

Partners or Ornaments.

An editorial in the July Woman's Home Companion says:

"Many men seem to take a certain pride in the fact that their wives have all the 'freshness and lack of experience of a little girl.' They think, because they have shut their wives off from any contact with real life, that they are better, more indulgent husbands than those who go to their wives at night with their troubles, and who never make an important business move without first planning it out at home. They are wrong. In the first place, they deprive themselves of a valuable asset in business—the clear, penetrating power of a woman's intuition. In the second place, it is no compliment to a woman to keep her forever a little girl. Life is not made rich by evading responsibilities; the man who shuts his wife off from his business because he wants to save her worry, and from child-bearing because he cannot think of her enduring pain, generally succeeds in giving her a sense of utter uselessness that makes her miserable. And, in the event of his death, he leaves her problems with which she is utterly unprepared to cope.

"Many of the moral breakdowns occur, not in youth, but in the middlelife period, when habits are supposed to have been formed and character fixed. Youth is usually free from covetousness and greed, Middle age is less likely to be. Almost every week the newspapers report the financial difficulties, if not the downright dishonesty, of some respected man in middle life, who has sacrificed everything in trying to get too much.

"And we have noted that such catastrophes take place less often in the families where the wife is fully acquainted with her husband's affairs."

Constipation and Indigestion.

"I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington N. C. Chamberlain's Tablets are mild and gentle in their action. Give them a trial. You are certain to be pleased with the agreeable laxative effect which they produce. Obtainable at Paull Drug Co. Adv.

Deep Mines.

How far can a man go underground? One of the Lake Superior copper mines has reached a depth of 4,575 feet; the Sperenberg shaft, near Berlin, is 3,810 feet deep; the Schladeloch mine, near Merseburg, Germany, has gone down 5,528 feet, and the Paruschowitz mine, in Silesia, had to give up operations after 6,009 feet had been reached.

The gigantic ropes can barely carry their own weight after they reach a depth of 6,000 feet, and are unable to carry a carriage besides. Moreover, min-

Kentucky Fair Dates.

The following are the dates fixed for holding the Kentucky Fairs for 1916 as far as reported to this office. Officers of fairs are requested to report to us any omissions or corrections.

Taylorsville, August 1—4 days.
Henderson, August 1—5 days.
Danville, August 2—3 days.
Berea, August 2—3 days.
Blue Grass Fair, Lexington, August 7—6 days.
Uniontown, August 3—5 days.
Fern Creek Fair, Buechel, August 9—4 days.
Mt. Vernon, August 9—3 days.
Burkesville, August 9—4 days.
Perryville, August 9—3 days.
Lawrenceburg, August 15—4 days.
Shepherdsville, August 15—4 days.
Broadhead, August 16—4 days.
Owensboro, August 15—5 days.
Tri-County Fair, Sanders, August 16—4 days.
Ewing, August 17—3 days.
Knights of Pythias Fair, Stanford, August 23—3 days.
Columbia, August 15—4 days.
Frankfort, August 29—4 days.
Bardstown, August 29—4 days.
Nicholasville, August 29—3 days.
Pennyroyal Fair, Hopkinsville August 29—5 days.
Elizabethtown, August 29—3 days.
Barboursville, August 30—3 days.

ing entails a turning of diamond or other drills, and no power has been discovered to turn a drill at a greater distance than 6,000 feet; and even then several hours are required to give the drills a turning movement.

So far all delving into the ground has had a commercial objective; but the Austrian government has promised scientists to allow them to exploit, after the war, the Silesian mines for scientific purposes.

Prof. Hanauer, of the University of Breslau, is promoting this investigation and has arranged to have "way stations" built along the original shaft, and these can be multiplied. Exactly how he intends to meet the temperature conditions has not been disclosed. Practical men hold that 6,000 feet is the limit of depth that can be reached in safety.

Joe McCormack and Richard Long were arrested at Clarkson, Grayson county charged with forging a name to a check on the Leitchfield Deposit bank.

Tallula Illinois.

July, 10, 1916.

Editor News:—

In regard to crops will say we had an abundance of rain all the spring, but very dry now. Crops good as to whole. Early corn good, late corn needs rain. Acreage of wheat not near so large as last year, but good, and standing up so far. Some wheat in shock, some very green yet. A big acreage and good. Prices of all grain good, but not so high as last year. Gardens very good but the dry weather is injurious.

In regard to the Railroad. I am always anxious to see the next report of it and also of the right of way. I want to say this much. I have one-half interest in as good timbered farm as there is in the Milltown section, and if it was where I could have the road to run through it, I would gladly give the right of way, enough for the building but no more. People, you should wake up to that fact, we need the road. If the people of Adair lived where it is as convenient and knew the value of the road to good Columbia and the people as we know it here, they would leave no stone unturned until the whistle tooted for Columbia. Say, if you people that are hesitating were here and went a few trips to Columbia and get off the train at Campbellsville and there was a slush of mud to Columbia and you strike one of those blooming old trucks with its burden of mail baggage and crowded passengers, and you get to Columbia with the seat of your pants worn thread bare from twisting and squirming and your legs cramped to your waist, you would say yes Lord take all you need and give us the road. Well, our relations with Mexico is growing brighter While Mexico needs a good licking, I am glad we are still out of trouble. I have one boy donned the uniform for Uncle Sam, was only 17 years of age, the 7th. Is now in training at Jefferson Barracks, near St. Louis. It will be a great thing for our northern boys if they don't have to go into Mexico this hot weather. Well I will not worry you any longer, and unless sickness or death calls me I will try to be among the first passengers over the new road to Columbia. Wishing you one and all health and happiness I will close for this time. Will say, tell A. W. Tarter, if he does not see this I would like to be there and have one good old Fox chase with him. Try and have the R. R. done. I want to come home this fall

Yours Respt,
George T. Beard.

INFANTILE PARALYSIS.

BY STATE BOARD OF HEALTH.

Bowling Green, Ky., July 13 '16
To the Public:—
Whereas, Infantile Paralysis, essentially a disease of cities and towns and of childhood, though

sometimes occurring in country districts and in adults, exists in a severe epidemic form in New York and has already spread to other sections, eight positive or suspicious cases having been reported in this State within the last twenty-four hours, the disease having an average death rate of about 25 per cent, and a large portion of those surviving being more or less completely paralyzed, and, whereas, everywhere the tendency of the disease is to break over official control and spread, especially in the presence of filth and flies in and about the homes, yards, alleys and streets, unless every case is rigidly isolated and all discharges from the throat, nose and bowels are promptly burned or disinfected until complete recovery, and the assembling of children is prevented in really infected districts, now, therefore,

Be it known that the State Board of Health, in the exercise of authority vested it by law, and in the discharge of a public duty, hereby urges and directs that the health and civil authorities of every city and town in Kentucky take immediate steps to clean all alleys, streets, tenements, public places and vacant lots and, by rigid and systematic inspection, to require the cleaning and liming of all back yards, cellars and premises, and the thorough screening of homes; although in the presence of this emergency no good citizen should wait for the law to force him to an evident duty for the protection of his family and community. In the existing emergency, visits of children under 15 years of age from infected or suspected cities should be discouraged, and, when permitted, the names and addresses of all such children should be recorded in the health office.

Upon the occurrence of a suspicious case it should be immediately reported to the health officer, and, without fear or favor, so rigidly isolated that no one can enter the room except the nurse and physician, and the house placarded, or preferably the case sent to the hospital, and all discharges burned or disinfected as in a case of diphtheria and scarlet fever. All of this should be most thoroughly done or it will do harm by giving a false sense of security.

In the event of the disease in any city or town, except it be an imported case which can be cared for as above indicated, the local authorities are asked to consider to consider the advisability of restricting the assembling and travel of children in places of amusement, schools, on street cars and trains and, so far as practicable, on the streets. All health officers are required by law to report this disease to this Board, and they are hereby requested to do so by wire at its expense. A bulletin containing more complete information on this subject will be mailed free to any address upon application.
J. G. South, M. D. President.
J. N. McCormack, M. D. Acting Secretary.

Announcements.

FOR CONGRESS.

We are authorized to announce that CHARLES F. MONTGOMERY, of Casey County, is a candidate for re-nomination for Congress from the Eighth District, subject to the Democratic primary to be held August 5, 1916.

We are authorized to announce HARVEY HELM, of Lincoln county, a Democratic candidate for re-nomination for Congress from the Eighth District, subject to the August primary.

Evidence exists to warrant the belief that this government and Mexico will adjust their differences and secure peace in an honorable and upright manner, commendable to civilization. Passion has subsided, and reason seems to be enthroned with the Mexican government, so no one need fear the results. The officials of our government have fought a good fight, kept the faith and won a great victory—establishing a precedent for future generations in just, honorable and honest negotiations between a strong and weak government. They have likewise steered clear of the European carnage, maintaining neutrality from Berlin to London and from Rome to Petrograd, justly meriting for this government the confidence of the world. It required sound judgment, Christian fortitude and gilt edge courage. We are of all people, most fortunate in a world crisis, and in an era of carnage to have such a man as Woodrow Wilson at the head of our government, for a

man of less consideration for the rights of others or for one more impulsive or resentful, would have plunged us into the vortex of the world's most destructive war abroad, and launched a campaign of murder and destruction on the continent, and offering no other reason or excuse than to maintain dignity and honor. Those who believe in peace, who oppose a few men producing war at the expense, privation and destruction of the lives of our great common people, who must win or lose the decision in the battlefield can not fail to give Mr. Wilson a vote of confidence in November. Not only has he won in every point of attack with other governments, but has scored the highest points in securing construction legislation, broadening and safeguarding the avenues of honest endeavor so all important for a thrifty condition and permanent prosperity and development throughout this country. Ideal business conditions in every section of this country, with no persecution of large enterprises, and labor receiving its highest reward; with no wars without nor feuds within, a record of four years to back the party, unequalled in the annals of National legislation, point with an unerring certainty to peace and plenty—to a safe four more years if Mr. Wilson is elected. Under existing conditions his election ought to be backed by every electoral vote. If after having tasted the sweets of unequalled prosperity, the blessings of peace honorably sustained without breaking friendly relations with any nation, solving compound complications by the rule and measure of honorable and humane methods, if we should fail to re-elect President Wilson there would remain but little hope for the truly democratic spirit of this nation. Thus sayeth conditions as they stand before the true lover of peace and prosperity.

The prospects of Democratic victory this fall grows brighter as the days go by and will continue to brighten as the voters more and more realize the fine work of President Wilson in keeping every promise and averting the horrors of war with honor and dignity to the country. Those in New York City who bet

money on the election have shifted from two to one in his favor and leading politicians of New York say that Wilson is sure to carry Hughes' state by a good majority.

WHAT REPUBLICANS THINK.

George F. Johnson of the Endicott, Johnson & Co., big leather and shoe manufacturers of Endicott, New York, heretofore a Republican, announces through the Woodrow Wilson Independent League at Washington, he favored the re-election of President Wilson. Mr. Johnson not only believes the president should be re-elected, but he has promised to lend his individual efforts to bring this about. He has been a member of the Organization Committee of the League. His statement giving his reasons for supporting the President follows: "I am in favor of the re-election of President Wilson because he has handled the difficult problems of Government splendidly. No man could have done better under existing conditions. He has served the nation at a time when service meant much to him and to the nation. He has been shamefully attacked by politicians for political effect. He has earned, and is justly entitled to the confidence and support of the American people. The present condition of the country the work in which he has been engaged, the incomplete, and at the present time, critical condition of the work, the experience with which he has had and the ability he has shown, all indicate that it is a matter of common sense and good judgment to see that he is retained to finish the work now in progress."

WAR SITUATION

London, July 20 (3:40 p. m.)—A wireless dispatch from Rome says it is reported from Petrograd that a great battle is developing at Jablonitz, the results of which thus far have been favorable to the Russians. In addition to the heavy fighting in the Carpathians, the dispatch says, the Russian offensive has been resumed before Kovel and Viadimir-Volynsyi and in the Riga area.

Jablonitz is in the Carpathians

south of Kolomea, near the northern end of one of the mountain passes leading to Hungary.

London, July 20.—Heavy fighting continues on the Somme front. The War Office announced today that the British had gained ground in Delville Wood and Longueval.

North of the Longueval-Bazentin position the British pushed forward their line. East of the Leipsic redoubt bombing parties made a substantial advance during the night.

Berlin, July 20, (via London, 6:48 p. m.)—Repeated French attacks south of the Somme were repulsed by the Germans, the War Office announced today. The French and British artillery fire developed to a pitch of greatest intensity on both sides of the Somme. The announcement also says that a strong British attack north and west of Fromelles was defeated, the British being ejected by counter-assaults wherever they succeeded in entering the German trenches.

Petrograd, July 20, (via London, 4:06 p. m.)—The War Office announced today that Kugi, an important point in the Caucasus, was occupied by the Russians. Kugi is a junction point of high roads in the Erzerum district.

Paris, July 20.—French attacks in the Somme region were delivered last night on both sides of the river. On the north bank trenches in the Hardecourt sector were taken, while south of the river all the German front line trenches between Barleux and Soye-court fell into French hands.

Announcement of the French successes is made in this afternoon's War Office bulletin.

The trenches captured on the north bank run from Halecourt-Mamelor to the east of Hardecourt, along the railway from Combles to Clery. Four hundred prisoners were captured in this operation.

In the Verdun region there was a continuous bombardment of the Avocourt and Chattancourt sectors on the left bank of the Meuse, with a granade engagement to the northeast of Hill 304.

On the east bank of the Meuse the French progressed west of the Thiaumont earthwork, while

to the south of Fleury they took a strongly fortified German post, together with 150 prisoners.

A German aeroplane was brought down in the Somme region east of Peronne.

Gradyville.

Plenty of rain down this way. Corn is looking fine.

The wheat crop is about all threshed.

Rodgers & Dowell are on the market for a big lot of wheat at the market price.

Will Wilson, of Columbia, was in our midst last Friday.

Mrs. Dolphus Rodgers, of Roachville, visited her relatives here a few days the first of the week.

Mrs. Geo. H. Nell, of Columbia, spent a few days with her relatives here last week.

J. F. Pendleton, of Greensburg, was here last Thursday looking after cattle.

Mr. Everett Cook continues in a very critical condition. No maternal change.

Dr. L. C. Nell and wife, who spent last week in Louisville with their little boy, having his eyes treated, returned the first of the week, with his eyes very much improved.

Mr. Joel Rodgers made a trip to Roachville last Wednesday, looking after his business affairs in that section.

W. G. Pickett & Son, of Pickett, were over in Cumberland county last week buying sheep. They came out with quite a nice drove which they bought at the market price.

Miss Wilborn, of Elkhorn, is the guest of Miss Christine Nell this week.

Mr. D. C. Wheeler, one of our up-to-date farmers, is feeding his second lot of hogs this season out of corn that he raised on his own farm. If you call to mind about two months ago, we made mention through The News where he sold J. F. Pendleton something like \$300.00 worth of hogs.

The protracted services at this place have been going on for the past two weeks. Rev. E. W. Coakley, Waynesburg, a very able evangelist, has done all the preaching. Up to this time there has been a number of professions and several additions to the church, as well as the church and community greatly revived under his preaching.

Mr. Cephas Keltner and family, of McGregor, Texas, arrived last Thursday to remain with their relatives in this section for a few weeks.

Personals.

Mr. C. E. Graham, of Greensburg, who is a prosperous insurance agent, was here a few days ago.

Mrs. Fannie McGarvey came in with her sister, Miss Mattie Taylor. They are stopping at the home of Mr. E. H. Hughes.

Mrs. A. W. Glasgow, of Catlettsburg, is visiting her parents, near Milltown.

Mr. J. T. Gowdy was here from Campbellsville a few days ago.

Mr. T. W. Taylor was over from Campbellsville last week, collecting from his policy holders.

Miss Cora Smith, who visited at Middleburg, returned last week with her little nephew, Master Wyatt Smith.

Mr. J. R. Garnett attended the Burkesville circuit court last week. He was accompanied by Mrs. Garnett.

Mr. Horace Jeffries was quite sick several days of last week.

Mr. Presley Clark and wife, of Bowling Green, returned to Columbia a few days ago.

Mr. J. F. Pendleton, Greensburg, was in Columbia a few days ago.

Mrs. L. C. Nell, Gradyville, was here a few days ago. On her return home she was accompanied by Mrs. G. H. Nell, who spent several days with relatives and friends at her old home.

Mrs. C. M. Barnett and her little daughter, Mary Nell, sojourned at the Griffin Springs last week.

Mr. J. O. McClister and daughter, Miss Cittle, of Krum, Texas, are visiting relatives in Adair. Mr. McClister and family left this county sixteen years ago. He has prospered.

Mrs. C. C. Henson left last Thursday for Stockland, Ill., where she will spend a month or two visiting a son and daughter.

Mr. T. B. Cutry, of Picnic, was here last Thursday, making some purchases.

Mr. W. F. Hancock, Louisville, who has been afflicted for some time, is improving.

Mr. Jo M. Harris and Misses Nell and Jesse Naylor visited the Mammoth Cave last week.

Miss Annie Faulkner, of Louisville, is visiting relatives in Columbia.

Mr. C. M. Brame, of Louisville, and Mr. A. G. Kenner, representing the Bowling Green Nursery, are in the county.

Mrs. Wright and two children, who visited Mrs. Wright's father, Mr. M. L. Mitchell, returned to their home, in Louisville, last Thursday.

Mr. John A. Harris has returned from Bowling Green.

Prof. H. E. Dalton, who has been teaching in Scott's Bluff, Neb., was in Columbia last Friday, en route to his home, Creelsboro, Ky.

Miss Lola Maupin, who has been visiting relatives at Pellyton, for several months, returned home last week, accompanied by her uncle, Mr. Estill Rubarts.

Miss Stella Conover, who teaches in Wheeling, West Virginia, visited her parents and sisters last week. She was accompanied home by her sister, Miss Cecil, who has been in West Virginia for several months.

Mr. H. B. Ingram received a message Saturday stating that his brother, J. I. Ingram, of Fancy Prairie, Ill., was dangerously ill. He left immediately to be at his bedside.

Mrs. R. L. Smith and children are visiting relatives at Celina, Tenn., for several weeks.

Mrs. James Traylor and two daughters, Alma K., and Nancy Elizabeth, of Elida, New Mexico, are visiting Mrs. Traylor's sister, Miss Bessie Shearer, and brothers, Messrs. Harry and Tom Shearer.

Mrs. J. H. Pelley was taken seriously ill Sunday morning, but is better at this time.

Mrs. Pearl Maupin is visiting her parents, Mr. and Mrs. B. F. Rubarts, at Pellyton.

Mr. and Mrs. Ray Conover and their little son, James, motored to Bardstons last Friday. From Taylor county they were accompanied by Mr. and Mrs. Horace Massie and their children.

Mr. and Mrs. W. R. Conover were visiting the latter's parents at Montpelier, Sunday.

Mr. and Mrs. L. J. Rosenfield and Mrs. Thomas, Mrs. Rosenfield's mother, motored from Louisville and are now at the home of Mrs. Jo Rosenfield. On their return they will be accompanied by their daughter, Miss Gladys, who has been visiting Miss Cary Rosenfield, for some time.

DO - U - O

The Jeffries Hardware Store

A Due Note or Account? July 1st is Pay Day for Fertilizer and Tillage Machinery.

Do your duty and don't wait for a Statement.

H. A. Hurt spent several days at Sand Lick Springs last week.

Mrs. Bettie Hutchinson and daughter, Miss Grace, of Portis, Kansas, are visiting relatives and friends in and near Columbia. They spent a few weeks in Hart county and will also visit in Green county before returning to the Sunflower State.

Additional Locals.

For Sale.

My home in Columbia, near the Lindsey-Wilson School. An 8-room house, good well at kitchen door, lot under good fence, fine garden and all necessary outbuildings. Terms reasonable. For particulars write or call on me E. L. Feese, Box 173, Columbia, Ky.

Big Gain in School Census.

A total gain of 2,410 in the scholastic population of Kentucky is shown by the census of 1916, the 1915 census of Louisville included. The white scholastic population increased, according to the census, 3,242, while the colored population decreased. The rural and graded schools outside of cities gained 2,045, the whites increasing 3,269 and the colored losing 1,224. The opposite was true in cities, Louisville not included, no census being taken there this year, and the white scholastic population of the independent cities dropped 27, while the colored census increased 365.

The total population for 1916 of children between the ages of 6 and 20 is 743,487, of whom 667,002 are white and 76,485 colored, 112,841 white and 26,323 colored being in cities and 554,161 white and 50,162 colored being in rural districts.

Notice.

I am still in the produce business at my same old stand. With special arrangements with a wholesale man I am in position to pay the highest prices. Give me a call and be convinced. Salt, Cement, Lime, Gasoline and Coal for sale.

J. P. Hutchison.

Mr. Wm. Turner, who formerly carried the mail from this place to Breeding, met with a sunstroke last week while working on his farm. Dr. B. F. Taylor was called and administered.

Make up your mind to spend four days at the Columbia Fair. Meet friends you have not seen since the last gathering, August 15.

Mr. M. L. Mitchell never fails to remember The News office when early fruit ripens. Last Friday he presented us with a basket of delicious apples.

Sandusky Bros. purchased, last week, sixty-five white oak trees from Abe Collins, consideration, \$500.

Foxes \$1.75 to \$2.00 Each.

Coons 75c to \$1 each. Send them to

School Per Capita, \$5.10.

The school per capita in Kentucky this year was fixed Saturday at \$5.10 by Superintendent of Public Instruction Gilbert. This per capita is a reduction of 15 cents per child of school age in the state from last year. The per capita is based on an estimated revenue for school purposes for the state at \$3,791,785. The average for teacher per month will be about \$46.25. The school census for 1916 shows a gain of 2,410 children of school age over the census of 1915. According to the census report compiled by the Department of Education there are 743,487 children in Kentucky between the ages of 6 and 20, of which 667,002 are white and 76,485 are negroes. Of this number 112,841 whites are listed in the cities and 604,323 in the rural and graded districts; 23,323 negro children are listed in the cities and 51,386 in the rural and graded district.

The American Magazine for August is one of the best numbers that has come to this office. All the reading is valuable, and the book should be a visitor to many homes. Men who want to keep posted should read this magazine regularly, as its leading articles are written by writers of known reputation. The fiction is also very entertaining. Address 381 Fourth Ave. New York, N. Y.

Good Reading.

Dr. J. T. Jones will send his book of 90 pieces in Prose and Verse, by mail, to anyone sending him a Postal Money Order for 25 cents to Glensfork, Ky. They are on sale at The News office also.

Mr. J. L. Walker sold the mother of six pigs, advertised in this paper, for \$50.00, last Saturday.

Only about six weeks until the schools in Columbia will open.

One week from next Saturday will be the primary election.

Special Offer.

For a short time will furnish the daily Evening Post, Louisville, Home and Farm, Kentucky Governor's War map and the Adair County News, all one year for \$3.25. The map itself is worth \$1.50, but by accepting this offer you get it for almost nothing.

Jamestown, - Kentucky

Roy.

There is certainly a bountiful
crop of blackberries this year.

Mr. F. B. Simmons and wife
visited friends and relatives at
Jamestown last week.

The death angel visited the
home of Mr. and Mrs. J. T. Mc-
Elroy, the 3rd of this month, and
claimed for its victim a loving
husband and father, Mr. J. T.
McElroy, who had been in de-
clining health for some time.
He was perfectly willing to meet
death, and had lived a faithful
Christian for some time.

Several from this place attend-
ed the Children's day at Mt.
Pleasant, last Sunday.

Mr. J. C. Bryant, J. E. and
W. L. Floyd attended court at
Jamestown last week.

A Mr. Cantrill of Green coun-
ty, was through here advertising
medicine recently.

Mrs. A. G. Bailey, who has
been on the sick list for some
time, is better.

Mr. F. B. Simmons, who at-
tended court at Jamestown, last
week, reports that crops are fine
in that county—wheat, oats,
grass and corn are extra good.

Miss Estelle Willis, of Joppa,
began her school at Rainfall last
Monday, and every body is well-
pleased with her, and they are
expecting an extra good school.

Mr. John C. Bryant left for
Indianapolis, Indiana last Satur-
day, where he will stay a short
time with his father and mother.

Taking Big Chances.

It is a great risk to travel without a
bottle of Chamberlain's Colic, Cholera
and Diarrhoea Remedy, as this prepa-
ration cannot be obtained on the
trains or steamships. Attacks of bow-
el complaint are often sudden and
very severe, and everyone should go
prepared for them. Obtainable at
Paull Drug Co. Adv.

Advertising.

Advertising pays in the dull
season as well as in the busy
season. If business is slack that
is a very good reason why it
should be stimulated by adver-
tising. Those firms which profit
most by publicity are the ones
which "keeps everlastingly at
it," and do not permit the pur-
chasing public to forget them or
to forget the wares which they
are selling. If the trade pros-
pect is not looking any too good
this summer, try advertising as
an accelerator and see if it does
not improve your business. And
if you happen to be living in Co-
lumbia or anywhere in this sec-
tion of the country you will find
The Adair County News the
proper for publicity.

Your Bowels Should Move Once a Day.

A free easy movement of the bowels
every day is a sign of good health. Dr.
King's New Life Pills will give you a
gentle laxative effect without griping
and free your system of blood poisons,
purify your blood, overcome constipa-
tion and have an excellent tonic ef-
fect on the entire system. Makes you
feel like living. Only 25c at Paull
Drug Co. Adv.

**Works Wonders
for Sick Women**

**STELLA-VITAE cured this
woman, who had suffered
for 25 years. Give it a
chance to cure YOU!**

WHAT STELLA-VITAE HAS DONE
for one woman is well told by Mr. S. J.
Hendrix, of Pecos, Texas, who gratefully
writes us:

"For twenty-five years I had from one to
three Doctors treating my wife for female
troubles, and tried various patent medi-
cines and she only received temporary
relief. We tried STELLA-VITAE and to
our surprise it restored her to better
health than she ever had. It did a won-
derful work in her case."

STELLA-VITAE acts directly upon
the female organs and functions. It
tones and strengthens the muscles
and tissues, builds up and restores
the whole system when run down
and wasted by disease, soothes and
adjusts the delicate nervous organ-
ization to that harmonious balance so
necessary to perfect womanly health.

STELLA-VITAE regulates the func-
tions peculiar to women, stops wast-
ing and relieves dangerous suppres-
sion, banishes the terrors of those
periods so dreaded by weak, nerv-
ous, run-down women.

STELLA-VITAE does not force nature,
and is of remarkable benefit at all times
and under all conditions. Its use during
pregnancy benefits both mother and
child.

We guarantee the first bottle of **STELLA-**
VITAE to benefit you. If it don't you get
your money back. If it does, your dealer
is authorized to sell you six bottles for \$5.

Try **STELLA-VITAE** on this "all to gain
and nothing to lose" basis. Try it TODAY.

If you are sick there is no timelike NOW
for trying **STELLA-VITAE**.

Sparksville.

The farmers of this section are
progressing nicely with their
work. Most are laying by corn
this week.

There were some gypsies came
through our community last
Thursday and camped near Mrs.
C. Gowins. They were telling
fortunes and swapping horses.

Rev. A. W. Rowe took his
leave for Taylor county last week
where he will join Rev. L. F.
Payne in a revival.

Eller Rowe bought one calf
from Elroy Rowe for \$15.00.

Alvin Rosson began his school
at Antioch near this place last
Monday with good attendance.

Evin Strange moved to Colum-
bia last week. He will carry the
mail from Columbia to Tarter.

Phelps Bros. were in our midst
last week, buying hogs, cattle
and sheep paying the highest
market prices.

Mrs. Frances Rupe departed
this life last Friday morning.
She died with a complication of
diseases. She leaves a husband
and six children. Her remains
were laid to rest in the Rowe-
town cemetery, near Toria. Be-
sides her husband and children,
she leaves her father, mother
and sister. She was a consistent
Christian and said she was will-
ing to go.

A Doctor's Remedy for Coughs.

As a cure for coughs and colds Dr.
Bell's Pine-Tar-Honey combines these
remedies in just the right proportion
to do the most good for summer coughs
or colds. A trial will prove the value
of this splendid cough medicine. Dr.
Bell's Pine-Tar-Honey soothes the ir-
ritation, stops your cough, kills the
cold germs and does you a world of
good. A 25c. bottle will more than
convince you—it will stop your cough.

olina and Virginia a cloudburst
destroyed property valued at \$10-
000,000 and five persons are
known to have been killed.

From Missouri.

Bogard, July 10, 1916.

Editor News:—

I noticed in a recent issue of
The News that another 17th cen-
tury kid bobbed up in Illinois,
J. M. Logan, that claims
to have lived in Kentucky many
years ago, who like old Father
White has mistook my name for
my grandfather, who was born
in 1803. Old Bro. Logan spoke
of getting his gun in trim to kill
Mexicans. You remember old
Father White spoke of being a
sharp shooter also, with his sec-
ond eye sight, as possibly his
third now. I expect those two
boys got their training in marks-
manship from some of those old
Indian Chiefs that inhabited the
country when they were boys.
If those two "old gents" would
go down to Mexico together I
imagine when those Mexicans
saw them coming they would
flee before them like the Philis-
tines did before Jonathan and
his armor bearer. In their great
excitement to get away they
would fall over and slay each
other. Old Bro. Logan has in-
vited me to meet him and old
Father White at the Columbia
Fair this summer. I appreciate
the invitation and certainly
would enjoy being there and see-
ing those good old fellows who
have already lived in 3 centuries
and no telling how many more
they may live in. They may out-
strip old Methuselah yet.

Well, we have certainly had a
cold wet spring here this time.
Farmers had to plow wet, plant
wet and cultivate wet, though
for the last two weeks it has
been hot and dry. Corn looks
very well, but uneven on account
of being planted at various times
from the 15th of April to the 20th
of June. Not much wheat sowed
here last fall. Oats are thin on
the ground but are well-filled.
The clover and timothy crops are
fine. Irish potato crop better
than usual.

I see in last week's News the
account of the death of Mr. Rue-
ben Conover, who died at the
age of 86 and had lived all his
life in the house in which he was
born. That is something re-
markable. If I mistake not I
think Mr. Alex Hindman and
Mr. Jim Henry Flowers, both of
the Milltown and Gradyville com-
munity, lived and died in the
same house they were born in.

I am glad to know that the
railroad to Columbia is almost a
certainty. I believe the right of
way is all that is lacking now.
It seems to me that the farmers
along the line would be glad to
give the right of way. It will
put new life into a man to hear
the whistle of train every day.
It will cause him to put in large
crops and that means more hogs
sheep and cattle to sell and it
will bring you closes to the mar-
ket, so you can sell a day sooner,
and command a better price by
saving so much shrinkage. Coal
mines and oil fields may be open-
ed up. I say hurrah for the
Railroad. Push her to a finish
as quick as possible. If you

HUSBAND RESCUED DESPAIRING WIFE

**After Four Years of Discouraging
Conditions, Mrs. Bullock Gave
Up in Despair. Husband
Came to Rescue.**

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Soldier's Meeting.

The old soldiers will hold their annual meeting on August the 9th and 10th, near Weed, Adair county. All soldiers are especially invited to attend. Rev. L. F. Payne and T. M. Pardue will preach both days. All ministers are invited to attend.

T. G. Coffey, Chairman.

Buckwheat.

I have plenty of it for sale at \$1.00 per bushel. Now is the time to sow it. You can get it at Jeffries Hardware Store or at my farm.

C. S. Harris.

The following is the committee for the camp meeting to be held at J. B. Burton's store, Purdy, Ky:

J. B. Burton, Purdy, Ky.
Rev. J. D. Burton, Purdy, Ky.
John Hadley, Purdy, Ky.
W. E. Foster, Purdy, Ky.
Rev. M. A. Albertson, Purdy.

We, the committee, kindly and cordially invite all ministers who preach the gospel, and will be welcome to come and take part with us. The meeting will begin August the 13, 1916.

Owensby.

Crops of all kinds are looking fine in this part

The general health of the community is very much better at this writing.

Wheat threshing is the order of the day in this neighborhood. The yield seems to be fairly good.

School opened at this place July 3, with Mrs. Lena Hale and Miss Ora Humble, as teachers. As they are both fine ladies we predict a good school.

Since our last contribution death has invaded our community and claimed the following of our friends and neighbors. On June 20, 1916, Mrs. Mary J. Long, wife of the late Samuel Long, peacefully closed her eyes in the stillness of death. She was 71 years old and had been sick about two weeks with diarrhoea and kidney trouble. The deceased was married to Samuel Long, April 5, 1866. To this union 8 children were born, 7 girls and one boy, all of whom being present to witness the last sad rites, except two daughters, one being in Texas and the other sick. Besides the children and grandchildren, she is survived by several brothers and sisters. Also one niece who had lived with the family from a small girl. Mrs. Long's husband preceded her to the grave about 7 years ago. Early in life the deceased professed faith in Christ and united with the M. E. Church. The funeral was preached by Eld. H. B. Gwinn, pastor of the Christian church at Jamestown, in a most solemn beautiful and impressive manner, after which the remains were laid to rest in the family graveyard. On Monday, July 3, Mrs. Nancy McFarland, who was 85 years old and a member of Mt. Vernon Baptist church, after a lingering illness closed her eyes in death. As "Aunt" Nancy had been confined to her bed for a long time, only death could relieve her of her suffering. She leaves two sons and several grandchildren, who live in the West. Her husband died a number of years ago while her daughter with whom she lived, only about two months ago. The funeral was preached at Mt. Vernon church, by Eld. H. B. Gwinn, after which the remains were laid to rest in the family burying ground.

On Saturday, May 24th, the death angel visited the home of Mr. and Mrs. Tink Clayton, claiming for its own their little daughter, Sarah Bell, age 3 months. Funeral services were held by Rev. Edward Aaron, and the little body laid to rest on the place. Died, recently the infant son of Mrs. Susie Franklin, which she gave to her sister-in-law, Mrs. Mollie Collins, at her death.

Married on the 7th inst., Miss Lula Collins, daughter of Mr. and Mrs. W. E. Collins, to Mr. Aaron, of Adair county. Rev. J. O. Prock, of Jamestown, tied the knot.

Our merchants are all enjoying

WOODSON LEWIS

a fairly good trade. Mr. Owens continues to increase his stock of goods.

Mr. Velmer Aaron, of Adair county, who is an old friend and schoolmate of the writer, passed through our "burg" a few days ago, accompanied by his best love.

On Tuesday, July 11, 1916, Mr. Frank Hawkins and Miss Lillie Hughes were united in the holy bonds of matrimonial bliss, by Rev. Edward Aaron.

Why don't some good brother start a move to bring the R. R. from Columbia to the river

That would be grand for old Russell.

Alva Grider, our optician, is doing a good business.

Biliousness and Stomach Trouble

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Verbyke, Lima, Ohio. "I could eat very little food that agreed with me and I became so dizzy and sick at my stomach at times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly." Obtainable at Paul Drug Co. Adv.

State of Kentucky, } County of Adair, } I, Walker Bryant, Clerk of the Adair County Court, certify that the foregoing is a true and correct list of claims allowed by the Adair County Fiscal Court, at its April Term, 1916, to the best of my knowledge and belief.	
Witness my hand, this, July 21st, 1916.	
WALKER BRYANT, Clerk.	

FEEDS THOUSAND
HEARS ONE TALE

Proprietor of Toledo's Biggest Restaurant Repeats Tale of Hundreds of Men.

"About two months ago it started," began Clarence M. Babcock, proprietor of the big Cherry restaurant at 312 Cherry street, Toledo, O., where more than 1,000 Toledoans are served daily.

"One customer after another would come in, give his order, and tell how good he felt.

"It seemed that from day to day I heard hundreds of men telling how well they felt—and proving it by their meals—and ascribing it to one thing—Taulac. You see, there are more than one thousand customer every day at the Cherry. Most of them are pretty busy, but they have time enough to pass a good thing along. So they told me about Taulac and kept telling me every day.

"Indoor work and long hours had begun to tell on me pretty hard. I had to drag myself through the day's work. Kidney trouble was causing me fearful pains, I had no appetite and couldn't sleep, and the constant grind had affected my stomach, too. For four months I had been a fine example of the man who is 'all run down.'

"I had grown nervous and had lost twenty pounds in less than two months I didn't feel as if I had enough energy enough to work a day through. I was irritable and far from being myself.

"There can be but one answer to this Taulac story that's continued every day," I decided. If hundreds of level-headed men come in here and praise Taulac and say it has restored their appetites, toned them up, made them sleep and generally benefitted them, it must be true. So I bought Taulac.

"Now I am feeling just one hundred per cent better. I have a good appetite. My work looks good to me and I have the energy to take care of it. Customer after customer says to me, 'Clarence, what have you been doing to yourself that you have changed so?' And I like to hear it, and then I tell them I have been taking Taulac. Get some, it's great."

Taulac, the tonic, appetizer and invigorant that won this statement from a conservative business man, is being introduced in Columbia at the Page & Hamilton drug store.

T. C. Moore & Co., Gresham; C. H. Jarvis & Son, Coburg; L. G. Wilcox, Erie; J. P. Miller & Son, Crocus; H. E. Loy, Olga.

Adv.

Sparksville.

Finis Phelps passed through here Thursday looking after hogs paying the best market price.

Rev. A. W. Rowe, Frank Wilson and Sam Breeding moved a well machine for George Jesse from this place to Liberty leaving home last Monday morning, returning Thursday night.

There was a birthday dinner spread at uncle J. B. Garmon's last Saturday, in honor of his 72nd birthday.

Allen Walker was in our midst last Thursday looking after sheep and cattle.

There was a birthday dinner at R. L. Rowe's last Sunday. It was his son's 23rd birthday. There was lots of dinner and all reported a nice time.

N. S. Wheeler, who has been very sick for several days, is some better at this writing.

Mrs. J. B. Garmon is not improving very fast at present.

Hollis Firkin is having a front porch built to his house which adds very much to its appearance.

Lewis Roe was in Columbia last Monday.

Every body at this place are preparing to go to the old soldier's reunion near Weed, the 8th and 9th of August.

There is the largest crop of blackberries in these parts that

Study Music in a University City

Study music in the atmosphere of culture and in ideal surroundings. Lexington, Ky., is the seat of culture, the university city—the city of ideal environs that are an incentive to the highest idealism. So situated, the Lexington College of Music with its faculty of distinguished instructors in voice, piano, violin and other string instruments, brass instruments, theory, harmony, composition, teacher's training, public school music, dramatic art and painting, affords rare advantages to the music student. Degrees conferred. Positions guaranteed. Terms and board reasonable. Summer term begins June 12. Fall term September 11. Write for catalogue.
